The main family living space is cosy and immediately gives a feeling of comfort and relaxation. There is also a handy full sized storage cupboard, ideal for your Hoover & ironing board, as well as some storage under the stairs.

The Kitchen is well-equipped and comfortable, with large windows located over the sink giving a lovely view of garden when washing up, as well as a side door giving convenient access to the garden and patio decking.

At the top of the stairs is the modern family bathroom with shower over bath. This benefits from both an extractor fan & a window, helping to keep any condensation to an absolute minimum!

Next to the bathroom is the second bedroom with ample space for a large 2nd bedroom, or it could work as a lovely home office due to its quiet position at the back, overlooking the garden.

Spanning the front of the property is the master bedroom, with its generous size it also has large windows that look out onto far reaching views. Early risers can see incredible sunrises over the downs.

Finally, the garden. Benefitting from separate patio area, lawned area & tiered decked area, this outdoor space really has it all!

All windows are double-glazed uPVC keeping the house quiet and energy efficient.
